Healthcare

Scapa Soft-Pro[®] Polyurethane Gel

Scapa Soft-Pro[®] Polyurethane Gel combines the ultimate in breathability, security and skin-friendly comfort and is ideal for a variety of skin contact applications.

When combined with a high MVTR backing the breathable properties of Scapa Soft-Pro[®] Polyurethane Gel allows for moisture to pass away from the skin, reducing the risk of maceration.

Skin Friendly Redefined: Secure, Low Trauma, Breathable

- High MVTR
 - Reduce risk of maceration
- Minimal trauma upon removal
- Minimal trauma during wear
- Waterproof
- Suitable for Gamma Sterilization
